

**TQUK High Risk Confined Space Learning Outcomes and Competences:**

<b>Principles of Working in Confined Spaces</b>	
1	Understand how to work within legislation and regulations
2	Understand how to work safely in confined spaces
3	Understand how to deal with emergencies
4	Apply relevant industry standards for working in low or medium risk confined spaces
5	Understand the communication skills needed for efficient working

<b>Working in High Risk Confined Spaces</b>	
1	Prepare to work safely in high risk confined spaces
2	Enter and exit high risk confined spaces safely
3	Prepare and use respiratory protective equipment RPE for working (and escape) purposes in accordance with manufacturers' specifications
4	Use equipment and tools safely and in accordance with manufacturers' specifications
5	Follow procedures and work safely
6	Identify and deal with problems
7	Complete the work and the follow up procedures
8	Deal with emergencies

<b>Working as Top Person in High Risk Confined Spaces</b>	
1	Prepare to act as Top Person / Safety Attendant for teams working in high risk confined spaces
2	Prepare team for working in confined spaces
3	Oversee safe entry to and exit from confined spaces
4	Monitor work team to ensure procedures are followed
5	Prepare for emergencies
6	Deal with emergencies
7	Hand over and conclude incident

<b>Working in Confined Spaces in the Construction Industry</b>	
1	Safely enter and exit high risk confined spaces in the construction industry
2	Understand how to reduce risk when working in a confined space in the construction industry
3	Work safely in confined spaces in the construction industry
4	Deal with emergencies which may arise when working in a high risk confined space in the construction industry
5	Understand how to communicate with others when working in a confined space in the construction industry

<b>Working in Confined Spaces in the Water Industry</b>	
1	Safely enter and exit high risk confined spaces in the water industry
2	Understand how to reduce risk when working in a confined space in the water industry
3	Work safely in a confined space in the water industry
4	Deal with emergencies which may arise when working in a high risk confined space in the water industry
5	Understand how to communicate with others when working in a confined space in the water industry

## **City & Guilds Learning Outcomes and Competences:**

<b>Working in High Risk Confined Spaces: WATER (6150-03)</b>	
1	Prepare to enter and work safely in high risk confined spaces
2	Enter and exit confined spaces safely
3	Prepare and use appropriate respiratory protective equipment (RPE) for working (and escape) purposes in accordance with manufacturers' specifications
4	Use equipment and tools safely and in accordance with manufacturers' instructions
5	Follow procedures and work safely
6	Deal with emergencies
7	Use appropriate behaviour for working in high risk confined spaces in the water industry
8	Use appropriate water industry knowledge for working in high risk confined spaces
9	Apply relevant water industry standards for working in high risk confined spaces

<b>Working in High Risk Confined Spaces: (6150-53)</b>	
1	Prepare to enter and work safely in high risk confined spaces
2	Enter and exit confined spaces safely
3	Prepare and use appropriate respiratory protective equipment (RPE) for working (and escape) purposes in accordance with manufacturers' specifications
4	Use equipment and tools safely and in accordance with manufacturers' instructions
5	Follow procedures and work safely
6	Deal with emergencies
7	Use appropriate behaviour for working in high risk confined spaces
8	Use appropriate knowledge for working in high risk confined spaces
9	Apply relevant industry standards for working in high risk confined spaces

<b><u>Top Person for High Risk Confined Spaces: WATER - 6150-14</u></b>	
1	Prepare to act as top man/person for high risk teams working in confined spaces in the water industry
2	Oversee safe entry and exit to high risk confined spaces
3	Monitor work of teams to ensure procedures are followed
4	Prepare for and deal with emergencies
5	Use appropriate behaviour for carrying out top man/person work in high risk confined spaces in the water industry
6	Use appropriate water industry knowledge for carrying out top man/person work in high risk confined spaces
7	Apply relevant water industry standards for top man/person work in high risk confined spaces

<b><u>Top Person for High Risk Confined Spaces- 6150-54</u></b>	
1	Prepare to act as top man/person for high risk teams working in confined spaces
2	Oversee safe entry and exit to high risk confined spaces
3	Monitor work of teams to ensure procedures are followed
4	Prepare for and deal with emergencies
5	Use appropriate behaviour for carrying out top man/person work in high risk confined spaces
6	Use appropriate knowledge for carrying out top man/person work in high risk confined spaces
7	Apply relevant industry standards for top man/person work in high risk confined spaces
